MINOR PROPHETS WITH MAJOR MESSAGES

O Lord, remember what the Edomites did on the day
the armies of Babylon captured Jerusalem.
“Destroy it!” they yelled. “Level it to the ground!”

Psalm 137:7

“They were the very embodiment then of practical defiant godlessness, expressing itself in the deification of self, and the conviction that self was sufficient, and that the fortresses it had made for its own protection were enough to protect it against all opposition.”

G. Campbell Morgan.

Pride is the basic cause of a lack of accountability to others. I can do what I want and you can't stop me. I'm better than you. This is our primal sin. The prideful live and act as if there are no consequences because they believe they are above them.

Cultivate Humility

**“Better to live humbly with the poor than to share plunder
with the proud.”**

Proverbs 16:19

Pride ends in humiliation, while humility brings honor.

Proverbs 29:23
