

REFLECT

We recently concluded our series on being the tangible peace, presence and power of Jesus.

As you reflect on that series, what is one truth and/or experience that has stuck with you?

Is there a practice from the last few weeks that you desire to continue lean into as you seek to be the tangible peace, presence and power of Jesus?

DISCUSSION

This past weekend we got to hear about all the amazing things that God has been up to over the last year at Salem Alliance.

Was there a story or testimony that was shared that you found particularly impactful?

We also heard about some new things that are going to be happening around Salem Alliance, including the new “Love Our City” initiative.

What is your reaction to the new things that will be happening in the future at Salem Alliance?

Is “Love Our City” something that you’d like explore together as a Life Group? What could that look like?

EXPERIENCING GOD TOGETHER

As you look back and remember the previous year as a Life Group, what stories or testimonies come to mind? Share these with one another as an act of praise to God.

As you anticipate the year ahead, what are you looking forward to as a Life Group?

Is there anything God desires to reveal to you about this coming year? Spend some time in listening prayer and pay attention to any words, pictures, scriptures or other ways of communication God might want to reveal himself to you. Give people an opportunity to share after. You may like to make a note of these things and revisit at a later date in the year.
